

# Csci 391: Computer Graphics

## Computer & Information Science

Introduction to the fundamentals of computer graphics, including elementary figures, shading, geometric transformations, graphics program design, and interactive techniques.

3 Credits

### Prerequisites

- [Math 262: Unified Calculus & Analytic Geometry II](#)
- [Csci 223: Computer Org. & Assembly Language](#)
- Prerequisite: Csci 211 OR CIS 211

### Instruction Type(s)

- Lecture: Lecture for Csci 391

### Subject Areas

- [Computer Science](#)
- [Computer Graphics](#)
