

# CIS 251: Programming for Engineering and Sciences Computer & Information Science

Algorithm development and structured programming techniques; numerical and graphical applications related to engineering and scientific problem solving. Co-requisite for this course may also be satisfied by consent of instructor.

#### One-way corequisites

Math 261: Unified Calculus & Analytic Geometry I

#### **Cross-listed Courses**

• Csci 251: Programming for Engineering and Sciences

## Course Fee(s) Computer Science 5

• \$75.00

### Subject Areas

• Computer Science
