

Mktg 465: Integrated Media Planning Essentials

Marketing, Analytics & Prof Sales

This course introduces students to the basic principles of developing an integrated media plan. By understanding the synergy between paid, owned, and earned media, students refine their creative, analytical, and presentation skills for a career in marketing communications. Students learn the inner workings of the multimedia industry and how to understand basic media terminology, interpret syndicated research, gather audience insights, analyze the competition, set objectives and, ultimately, create an effective and engaging campaign.
