

G E 555: Introduction to Mining Engineering

Geology & Geological Engineering

Introduction of theories and fundamentals of mining engineering, including the identification and evaluation of mineral deposits, the design and implementation of efficient mining operations, and innovations in mining technology.

3 Credits

Prerequisites

- Junior Standing Required

Instruction Type(s)

- Lecture: Lecture for G E 555
- Lecture: Web-based Lecture for G E 555

Subject Areas

- [Geological/Geophysical Engineering](#)
