

# CIS 251: Programming for Engineering and Sciences Computer & Information Science

Algorithm development and structured programming techniques; numerical and graphical applications related to engineering and scientific problem solving. Co-requisite for this course may also be satisfied by consent of instructor.

## **One-way corequisites**

• Math 261: Unified Calculus & Analytic Geometry I

#### **Cross-listed Courses**

• Csci 251: Programming for Engineering and Sciences

# Course Fee(s) Computer Science 5

• \$75.00

## **Subject Areas**

• Computer Science
