

Phcl 341: Human Pathophysiology I

Biomolecular Sciences

The students will understand the consequences of disease on normal physiology. An in-depth study of the pathophysiology condition will equip the students to assess multi-organ system dysfunction. These basic understandings will enable the students to progress through the curriculum with a knowledge and analytical base necessary to excel during their practice experiences.

3 Credits

Prerequisites

- Course is only available to first year students in the professional degree program
- Pre-Requisite: 24 Earned Hours

Instruction Type(s)

- Lecture/Lab: Lecture/Lab for Phcl 341

Course Fee(s)

Pharmacy Practice 9

- \$85.00

Subject Areas

- [Pharmacy, Pharmaceutical Sciences, and Administration, Other](#)
