

## G E 555: Introduction to Mining Engineering Geology & Geological Engineering

Introduction of theories and fundamentals of mining engineering, including the identification and evaluation of mineral deposits, the design and

implementation of efficient mining operations, and innovations in mining technology.

## 3 Credits Prerequisites

• Junior Standing Required

## Instruction Type(s)

- Lecture: Lecture for G E 555
- Lecture: Web-based Lecture for G E 555

## **Subject Areas**

<u>Geological/Geophysical Engineering</u>

The University of Mississippi is accredited by the Southern Association of Colleges and Schools Commission on Colleges to award certificates and baccalaureate, master's, specialist, and doctoral degrees. Contact the Commission on Colleges at 1866 Southern Lane, Decatur, Georgia 30033-4097, call 404-679-4500, or visit online at www.sacscoc.org for questions about the accreditation.
