Mktg 372: Intro. to Operations & Supply Chain Mgmt
Marketing

This survey course provides an understanding of scope of operations management and its environment - value chains. Topics include structural (e.g., capacity, facility, technical, and logistical & supply chain), and infrastructural (e.g., workforce, production planning, materials control, performance measures, and organization renewal and improvement) issues in operations of an organization. Students will draw upon prior knowledge of statistics. Particular emphasis will be placed upon applying analytical tools and frameworks to improve business processes that cross internal functional and cross organizational boundaries.

Students may take either Mktg 372 or GB 320, but not both for credit toward a degree.
