Csci 561: Computer Networks
Computer & Information Science

Analysis of loosely coupled computer communication, communication protocols, and network services; an open systems interconnection model is presented and compared to selected examples of computer networks.

3 Credits

Prerequisites
• Pre-requisite: CSCI 423 or CSCI 501 or Graduate Standing
• Prerequisite: Junior standing (60 hr).

Instruction Type(s)
• Lecture: Lecture for Csci 561

Subject Areas
• Computer Science
