Ph.D. in Engineering Science
Description
The Ph.D. in engineering science is offered in a number of emphasis areas: aeroacoustics, chemical engineering, civil engineering, computational hydroscience, computer engineering, computer science, electrical engineering, electromagnetics, environmental engineering, geology, geological engineering, hydrology, mechanical engineering, and material science and engineering.
Minimum Total Credit Hours: 66
Course Requirements
A student must complete the requirements for one of the emphasis areas. All doctoral programs require completion of a comprehensive examination, dissertation prospectus, and a dissertation. See the department chair or adviser for specific requirements for an emphasis area.
Specializations
School of Engineering
Mechanical Engineering
• Emphasis - Aeroacoustics
Chemical Engineering
• Emphasis - Chemical Engineering
Civil Engineering
• Emphasis - Civil Engineering
Mechanical Engineering
• Emphasis - Computational Hydroscience
Electrical and Computer Engineering
• Emphasis - Computer Engineering
Computer & Information Science
• Emphasis - Computer Science
Electrical and Computer Engineering
• Emphasis - EE (Electromagnetics)
• Emphasis - Electrical Engineering
Civil Engineering
• Emphasis - Environmental Engineering
Geology & Geological Engineering
• Emphasis - Geological Engineering
• Emphasis - Geology
• Emphasis - Hydrology
Mechanical Engineering
• Emphasis - Materials Science and Engr.
• Emphasis - Mechanical Engineering
