Ph.D. in Engineering Science

Description
The Ph.D. in engineering science is offered in a number of emphasis areas: aeroacoustics, chemical engineering, civil engineering, computational hydroscience, computer engineering, computer science, electrical engineering, electromagnetics, environmental engineering, geology, geological engineering, hydrology, mechanical engineering, and material science and engineering.

Minimum Total Credit Hours: 54

Course Requirements
A student must complete the requirements for one of the emphasis areas. All doctoral programs require completion of a comprehensive examination, dissertation prospectus, and a dissertation. See the department chair or adviser for specific requirements for an emphasis area.

Specializations
School of Engineering
Chemical Engineering
  • Emphasis - Aeroacoustics
Mechanical Engineering
  • Emphasis - Aeroacoustics
Biomedical Engineering
  • Emphasis - Biomedical Engineering
Chemical Engineering
  • Emphasis - Chemical Engineering
Civil Engineering
  • Emphasis - Civil Engineering
Electrical and Computer Engineering
  • Emphasis - Computer Engineering
Computer & Information Science
  • Emphasis - Computer Science
Electrical and Computer Engineering
  • Emphasis - EE (Electromagnetics)
  • Emphasis - Electrical Engineering
Geology & Geological Engineering
  • Emphasis - Environmental Engineering
Chemical Engineering
  • Emphasis - Environmental Engineering
Civil Engineering
  • Emphasis - Environmental Engineering
Geology & Geological Engineering
  • Emphasis - Geological Engineering
  • Emphasis - Geology
Civil Engineering
  • Emphasis - Hydrology & Comp Hydroscience
Geology & Geological Engineering
  • Emphasis - Hydrology & Comp Hydroscience
Mechanical Engineering
  • Emphasis - Hydrology & Comp Hydroscience
Chemical Engineering
  • Emphasis - Materials Science and Engr
Civil Engineering
  • Emphasis - Materials Science and Engr
Mechanical Engineering

- Emphasis - Materials Science and Engr.
- Emphasis - Mechanical Engineering
