Engr 361: Electric Circuit Laboratory
School of Engineering
Circuit elements and instruments; experiments dealing with series and two-port networks, voltage, current, power, vars.
1 Credit

Prerequisites
• Engr 360: Electric Circuit Theory

Instruction Type(s)
• Lecture/Lab: Lecture/Lab for Engr 361

Course Fee(s)
Engineering 2
• $50.00

Subject Areas
• Engineering, Other
• Engineering, General
