M.S. in Engineering Science

Description
The M.S. in engineering science is offered in a number of emphasis areas: aeroacoustics, chemical engineering, civil engineering, computational hydroscience, computer science, electrical engineering, electromagnetics, environmental engineering, geology, geological engineering, hydrology, mechanical engineering, materials science and engineering, and telecommunications.

Minimum Total Credit Hours: 30

Course Requirements
A student must complete the requirements for an emphasis area. For most emphasis areas, the degree may be completed as a:

- Thesis option (30-hour program, to include 6 hours of thesis),
- Nonthesis option (30-hour program, to include a minimum of 3 hours of a design-oriented project course), or
- Coursework option (30-hour program, to include a final oral examination in front of a committee, but no written report)

Specializations

School of Engineering
Mechanical Engineering
  - Emphasis - Aeroacoustics

Chemical Engineering
  - Emphasis - Chemical Engineering

Civil Engineering
  - Emphasis - Civil Engineering

Mechanical Engineering
  - Emphasis - Computational Hydroscience

Computer & Information Science
  - Emphasis - Computer Science

Electrical Engineering
  - Emphasis - EE (Electromagnetics)
  - Emphasis - Electrical Engineering

Civil Engineering
  - Emphasis - Environmental Engineering

Geology & Geological Engineering
  - Emphasis - Geological Engineering
  - Emphasis - Geology
  - Emphasis - Hydrology

Mechanical Engineering
  - Emphasis - Materials Science and Engng.
  - Emphasis - Mechanical Engineering

Electrical Engineering
  - Emphasis - Telecommunications
