Ph.D. in Engineering Science

Description
The Ph.D. in engineering science is offered in a number of emphasis areas: aeroacoustics, chemical engineering, civil engineering, computational hydrosience, computer engineering, computer science, electrical engineering, electromagnetics, environmental engineering, geology, geological engineering, hydrology, mechanical engineering, and material science and engineering.

Minimum Total Credit Hours: 54

Course Requirements
A student must complete the requirements for one of the emphasis areas. All doctoral programs require completion of a comprehensive examination, dissertation prospectus, and a dissertation. See the department chair or adviser for specific requirements for an emphasis area.

Specializations

School of Engineering
- Chemical Engineering
- Mechanical Engineering
- Chemical Engineering
- Civil Engineering
- Electrical and Computer Engineering
- Computer & Information Science
- Electrical and Computer Engineering
- Electrical and Computer Engineering
- Geology & Geological Engineering
- Chemical Engineering
- Chemical Engineering
- Civil Engineering
- Civil Engineering
- Geology & Geological Engineering
- Emphasis - Hydrology & Comp Hydrosience
- Geology & Geological Engineering
- Mechanical Engineering
- Chemical Engineering
- Chemical Engineering
- Civil Engineering
- Mechanical Engineering
- Mechanical Engineering
- Emphasis - Materials Science and Engr.
