Graduate Minor Requirements
A graduate minor must require at least 12 hours of graduate level courses from among an approved list of courses pertinent to the minor topic. No transfer credit may be counted toward a minor. No more than three hours may come from practicum, internship, research or individual study courses. A minimum GPA of 3.0 is required for courses counted towards the minor.

Administration
Student records relating to the minor are maintained by the coordinator of the minor. The coordinator and/or coordinating committee will make decisions about admissions into the minor, will provide oversight regarding courses comprising the minor, and will notify the Graduate School when a student has completed the requirements for the minor.

Credit used toward the completion of one minor may not be applied toward another minor but it is at the discretion of the major degree department to determine which, if any, of the courses used to fulfill the minor will also be used to fulfill the requirements of the graduate major degree. Some minors may require that a member of the unit(s) offering the minor serve on the student’s master’s or doctoral committee.
