

G E 555: Introduction to Mining Engineering

[Geology & Geological Engineering](#)

Introduction of theories and fundamentals of mining engineering, including the identification and evaluation of mineral deposits, the design and implementation of efficient mining operations, and innovations in mining technology.

3 Credits

Prerequisites

- Junior Standing Required

Instruction Type(s)

- Lecture: Lecture for G E 555
- Lecture: Web-based Lecture for G E 555

Subject Areas

- [Geological/Geophysical Engineering](#)
