Art 585: Alternative Photographic Processes

Art & Art History

The course provides instruction for advanced art students with emphasis in alternative photographic processes, which explore image making through various lens-based practices. The course emphasizes the history of photographic print materials in combination with digital strategies using cyanotype, Vandyke brown, gum bichromate and palladium emulsions. Students must have a digital or 35 mm film camera. May be repeated once for credit.

3 Credits

Prerequisites
