The Ph.D. in Psychology is offered as either an emphasis in experimental psychology or clinical psychology. A Ph.D. in experimental psychology prepares an individual for an academic position in psychology, or as a research scientist in a nonacademic setting. Students specialize in behavioral neuroscience, cognitive psychology, developmental psychology, or social psychology. The Ph.D. in clinical psychology is designed to prepare an individual to become a professional psychologist capable of working in clinical or research settings.

**Minimum Total Credit Hours: 54**

**Course Requirements**
The Ph.D. degree must be completed by fulfilling the requirements for either the emphasis in experimental psychology or clinical psychology.

### Emphasis - Experimental Psychology
