Phcl 341: Human Pathophysiology I
Biomolecular Sciences

The students will understand the consequences of disease on normal physiology. An in-depth study of the pathophysiology condition will equip the students to assess multi-organ system dysfunction. These basic understandings will enable the students to progress through the curriculum with a knowledge and analytical base necessary to excel during their practice experiences.

3 Credits

Prerequisites
- Course is only available to first year students in the professional degree program

Instruction Type(s)
- Lecture/Lab: Lecture/Lab for Phcl 341

Course Fee(s)
- Pharmacy Practice 9
  - $85.00

Subject Areas
- Pharmacy, Pharmaceutical Sciences, and Administration, Other
- Pharmacy (PharmD - USA - PharmD, BS/BPharm - Canada)
- Pharmacology and Toxicology
