THE UNIVERSITY OF MISSISSIPPI

COMMUNICATION SCI. & DISORDERS MINOR

Description

The minor in communication sciences and disorders (CSCD) is offered by the Department of Communication Sciences and Disorders in the School of Applied Sciences. The minor can complement many academic majors and provide students from various majors such as allied health care, biomedical engineering, education, general studies, gerontology, legal studies, psychology, psycholinguistics, recreational therapy, special education, journalism, and neuroscience, basic knowledge related to communication disorders. The CSD minor may assist students from various majors to be better equipped to assist individuals with communication disorders.
