ENTREPRENEURSHIP MINOR (GRADUATE)

Description

The entrepreneurship minor for graduate students, completed via online courses, will provide graduate students in degree programs with practical and applied knowledge to support the creation and development of a new venture in a startup or an innovation within an existing company. From designing a business model to operational execution, this minor walks students through the entrepreneurial process from idea to launch. Students complete four courses (12 credit hours), taught by highly rated faculty with extensive online experience.

Course Requirements

Graduate entrepreneurship minor students will complete four courses:

Code	Title	Hours
ENTR 6510	Business Planning and Entrepreneurship	3
ENTR 6520	Addressing Your Market	3
ENTR 6530	Innovation, and Design Thinking	3
ENTR 6540	Venture Accelerator	3
Total Hours		**12**

Other Academic Requirements

Successful completion of the minor requires a grade of C or better in all required minor courses and a GPA for the minor of 3.0.
