NAVAL SCIENCE MINOR

Description

The goal of the naval science minor is to educate any student about the history, missions, and capabilities of the U.S. Navy and Marine Corps. NROTC students minor in naval science while completing all of the academic and professional course work required by their scholarship contracts. Non-NROTC students may complete the minor as well but are not required to take leadership laboratories.

Course Requirements

A minor in naval science requires 18 hours of NAVS courses, including:

Code	Title	Hours
