Overview

The Department of Naval Science offers the Naval Reserve Officers Training Corps Program which is designed to assist in the education of well qualified young men and women who are interested in earning a commission in the Navy, Marine Corps, or their reserve components. The NROTC Program is built on five elements: academic major of student's choice, Navy-specified course work taught at the university, Navy or Marine Corps professional courses taught by the Naval Science Department, naval professional training, and summer training.

Academics & Admissions

Commissions

NROTC students will be commissioned in the U.S. Navy or Marine Corps upon successful completion of the NROTC curriculum and after receipt of the baccalaureate degree, if they are qualified in all other respects and approved by the Chief of Naval Personnel or Commandant of the Marine Corps and the Secretary of the Navy.

Scholarships and Financial Aid

NROTC scholarship students are selected by nationwide competition conducted annually and by nomination of the professor of naval science. They receive Navy scholarships which consist of tuition, fees, books, and between $200 and $250 monthly subsistence allowances. All NROTC scholarship students living on campus receive a partial dormitory scholarship. NROTC students not on scholarship are selected by the professor of naval science from those students who apply during registration. They receive Navy subsistence allowances of between $250 and $350 each month during their junior and senior years. NROTC students are provided with uniforms and naval science textbooks. Scholarship students participate in three summer cruises, while all other NROTC students participate in one summer cruise.

Academic Credit

Naval science courses are accredited and may be used in the College of Liberal Arts as free electives in any program, and as a nonrelated subject for Bachelor of Science programs. Only NROTC students may take Naval Science Leadership Laboratories. Varying amounts of naval science courses may be applied to the degree programs of other schools of the university. For details concerning this or any other part of the NROTC Program, contact the chair of the Department of Naval Science, NROTC Unit, The University of Mississippi, P.O. Box 69, University, Mississippi 38677-0069.
